

The Perfect Smoke

Gourmet Pipe Smoking for Relaxation and Reflection

By Fred J. Hanna

Dr. Fred Hanna is one of the hobby's brightest and most-original writers on the topics of pipes and tobaccos. His masterfully written articles have challenged conventional wisdom and often made us re-think our own positions.

-Fred Janusek

Without question, Fred Hanna is one of the most-insightful contributors to contemporary pipe literature. If it's invigorating entertainment you'll be wanting with your pipe and pint, the process of book selection now becomes easy. This is it.

-Marty Pulvers

All pipe smokers will greatly benefit from reading these essays. I truly believe that *The Perfect Smoke* is a valuable reference to read and reread again and again.

-Fletch Groben

Fred Hanna is truly passionate about finding that perfect smoke, and that passion comes across quite clearly in this book. He states his opinions as his opinions and not as facts, and the book is very easy to read. I find this quite refreshing.

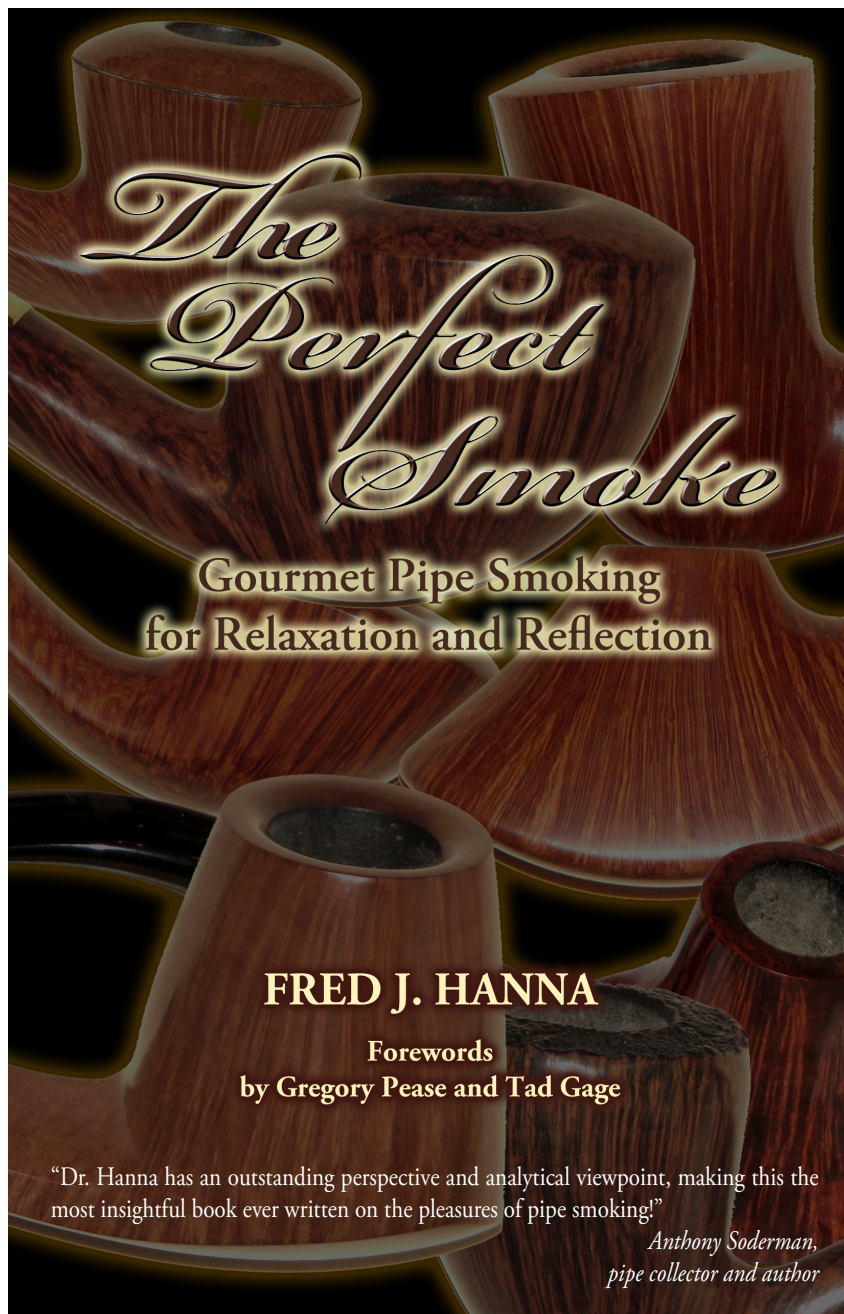

-Rad Davis

If you are interested in pipes, tobaccos and pipe smoking, then you will enjoy reading Fred's book. It will be an important addition to your library.

-Rich Esserman

Sip it slowly to savor every delicious page. Dr. Hanna's unique ability to weave fact and opinion into entertaining reading has been proven once again!

-Steve Fallon
